Interline would like to advise customers that revised bus timetables for all routes will start on Monday 2 August.

There will be no changes to the way bus routes operate, only departure times.

New timetables are available onboard all buses and on our website www.interlinebus.com.au

The changes include:
- Improved operating times on route 872 to accommodate increased patronage and traffic congestion.
- Better coordination between bus and train arrival and departure times.
- Integrated evening/night bus timetables for routes 870, 871 and 872.
- Enhanced wheelchair accessibility throughout the network.
